EDUCATION

Amrita Vishwa Vidyapeetham, Bengaluru

Bachelor of Technology in Computer Science

2022 – Present

CGPA: 9.1/10 (Ongoing)

Anand Swaroop Arya Saraswati Vidya Mandir, Roorkee

Intermediate

2020 – 2021

Percentage: 94%

Anand Swaroop Arya Saraswati Vidya Mandir, Roorkee

High school

2018 – 2019

Percentage: 93.4%

INTERNSHIP

Software Project Intern

May 2024 – July 2024

Infosys Springboard, Remote

- Built a full-stack Flight Management System integrating Spring Boot and MongoDB, featuring user authentication, dynamic flight search, and secure booking workflows, while collaborating with peers to meet agile sprint goals.
- Employed RESTful services, JSP for server-side rendering, and implemented database optimization techniques using MySQL.

PROJECTS

AirSavvy: Smart Flight Management System

Sep 2024

Java, Spring Boot, MongoDB, JSP, Gemini API

GitHub: FlightManagementApplication

- Built a scalable airline booking platform with real-time flight search, secure reservations, admin-side control, and a floating AI assistant using Gemini API for customer support.
- Developed REST APIs with email verification and used MongoDB indexing for efficient booking and flight data management.

J.A.M.E.S: Judicial Administrative Management and Execution System

Dec 2023 – Present

Spring Boot, MySQL, HTML, CSS, JavaScript, Bootstrap

GitHub: J.A.M.E.S-DBMS-Project

- End-to-end platform to digitize court case workflows including case filing, lawyer request management, public search, and admin-side control; now being migrated from PHP to Spring Boot for modularity.
- Designed for SDG 16 impact, promoting transparency and access to justice through features like public status updates and citizen feedback.

WanderWise: Tour Planner Desktop App

Feb 2023

Java, Swing, JDBC

GitHub: TravelManagementApp

- Designed a desktop application to manage travel packages, customer bookings, and real-time data updates using JDBC.
- Included admin features for creating/editing tour packages, booking status control, and user account management.

PUBLICATIONS

- **J.A.M.E.S** — Presented in academic symposium on legal-tech transformation. Highlights its contribution towards SDG 16.
- **PathPower: Footstep-Driven Street Lighting System** — A research paper focusing on sustainable street-lighting systems using piezoelectric tech and microcontroller-based smart energy grids.

TECHNICAL SKILLS

- **Programming:** Java, JavaScript, HTML, CSS
- **Databases:** MySQL, MongoDB
- **Frameworks:** Spring Boot, Spring MVC, React
- **Cloud & DevOps:** Firebase, AWS (Basics)
- **Tools:** Git, GitHub, VS Code, IntelliJ, Postman, Docker
- **Soft Skills:** Leadership, Collaboration, Agile, Team Management

CERTIFICATIONS

- Coursera: Java Full Stack Developer
- Infosys: Database Management System
- Infosys: Young Java Professional Certification
- FreeCodeCamp: JavaScript Algorithms
- Amazon Web Services: AWS cloud foundation
- Udemy: Linux Command Line and Shell Scripting

LEADERSHIP & ACHIEVEMENTS

- Participated in coding contests on platforms like GFG, LeetCode: leetcode.com/u/Ojas_Vats
- Awarded NCC B Certificate for leadership and discipline during national-level training.
- Runner-up in interdepartmental handball tournament and member of college cricket team.
